

1G Optical Receiver Available Now

AI Overview

1G SFP optical receivers are widely available for multi-mode and single-mode applications, supporting distances from 100 meters up to 80 km. Overview of 1G Optical Receivers 1G optical receivers, typically in SFP form factor, are designed for Gigabit Ethernet, SONET/SDH, and other high-speed network applications. They convert optical signals into electrical signals, enabling high-speed data transmission over fiber optic cables with minimal signal loss. These receivers are compatible with a wide range of network equipment, including switches, routers, servers, and NICs.

Key Features

- Form Factor:** Standard SFP modules, available in Duplex and BiDi configurations.
- Transmission Distance:** Multi-mode options typically cover 100m-550m, while single-mode modules can reach up to 80 km.
- Data Rate:** Supports 1 Gbps, with some modules capable of up to 4.25 Gbps for flexible bandwidth requirements.
- Compatibility:** Works with 100+ vendors' equipment, ensuring broad interoperability.
- Power and Efficiency:** Low power consumption, +3.3V single power supply, and fully RoHS compliant.
- Diagnostics:** Many modules include Digital Diagnostic Monitoring (DDM) for real-time monitoring of temperature, voltage, and optical power.

Available Vendors

- Solid Optics:** Offers 1G SFP modules for multi-mode and single-mode, distances from 300 meters to 80 km, with a limited lifetime warranty.
- FS:** Provides 1G SFP transceivers including 1000BASE-SX, 1000BASE-LX/LH, and 1000BASE-T, with fast shipping from nearby warehouses and a 30-day return policy.
- Cube Technology Trading:** Offers modules for Ethernet, Metro, Wireless, and Transmission networks, supporting 125 Mbps to 4.25 Gbps, with commercial and industrial temperature options.
- QSFPTEK:** Wide selection of 1G SFP transceivers compatible with copper/fiber, single-mode/multi-mode, and distances from 100m to 80 km.

Practical Considerations

When selecting a 1G optical receiver, consider:

- Distance requirements:** Choose multi-mode for short-range and single-mo...
