

Fiber optic fast connector ESC250DSCAPC

Overview

Designed for fast, accurate, and dependable optical fiber terminations, the ESC250D Fiber Optic Fast Connector is an environmentally friendly, field-installable optical connector suitable for FTTH and LAN networks. It is available in SC-APC and SC-UPC versions. High-Quality Fiber Optic Connector: This FTTH fast connector features a low insertion loss design, ensuring reliable and efficient data transmission in various networks, including wireless LAN, wired LAN, Wi-Fi, 4G, and 3G. Proven mechanical splice technology ensuring precision fiber alignment, a factory pre-cleaved fiber stub and a proprietary index-matching gel combine to. At 3C-LINK, we do the due-diligence for you, ensuring all products are thoroughly tested and manufactured under ISO control, and meet the needs of your optical network. It can provide Open flow and Pre-cast type of products, whose optical and mechanical specification meets the standard optical fiber connector. This connector provides a simple and.
