

Indonesian power distribution box manufacturer

AI Overview

Key manufacturers of power plant distribution boxes in Indonesia include PT Indopanel Perkasa Mandiri, PADI Electric, Powertek Indo Asia, Prima Panel Nusantara, and Gianindo. Leading Manufacturers PT Indopanel Perkasa Mandiri Headquartered in Tangerang, this company specializes in the design, production, installation, and maintenance of electrical switchgears and panels. They provide a range of panel solutions suitable for industrial and power plant applications, emphasizing precision and reliability in electrical distribution systems. PADI Electric (PT Perkasa Adi Daya Indonesia) PADI Electric manufactures and distributes electrical products including junction boxes, panel boxes, and cable trays. They offer custom fabrication in steel, stainless steel, aluminum, and PVC, catering to both local and international standards. Their products include thermoplastic and metal electrical panels suitable for power distribution. Powertek Indo Asia Established in 2015, Powertek Indo Asia is a licensed SIEMENS partner and authorized distributor for Danfoss, WEG, and Watts. They provide custom medium voltage (MV) and low voltage (LV) switchgear, power distribution systems, and flow control solutions. Their factory handles around 2,500 switchgear projects annually, offering advanced design, pre-wiring, and assembly services for reliable power distribution. Prima Panel Nusantara (PPN) PPN is an official partner of Schneider Electric in Indonesia, providing BlokSeT LV and MV switchgear panels. They specialize in distribution boards, variable speed drive panels, and pre-fabricated systems for industrial and commercial applications. Their panels comply with IEC 61439 standards and integrate QR code technology for remote monitoring and predictive maintenance. Gianindo Gianindo manufactures a wide range of electrical panels including medium voltage panels, low voltage main distribution pa...
