

Kenya power distribution box inventory

AI Overview

Kenya offers a wide range of power distribution boxes and boards, including TPN and SPN types, with multiple ways and amperage ratings for residential, commercial, and industrial use.

Types and Configurations

TPN (Triple Pole and Neutral) Distribution Boards: Commonly available in 4-way, 6-way, 7-way, 10-way, 12-way, 16-way, 22-way, and 34-way configurations, suitable for medium to large-scale electrical setups.

SPN (Single Pole and Neutral) Distribution Boards: Compact options like 4-way SPN boards are available for smaller residential or commercial installations.

Consumer Units: Tronic and other suppliers offer 10-way and 12-way consumer units designed for safe and efficient power distribution in homes and offices.

Power Distribution Units (PDUs): For server racks, data centers, and industrial applications, PDUs are available in horizontal and vertical formats, with features like surge protection, circuit breakers, metered or switched units, and IEC or universal sockets.

Specifications and Features

Amperage Ratings: Common ratings include 125A and 250A for TPN boards.

Material: Most distribution boxes are made from durable, fire-resistant ABS or similar materials for safety and longevity.

Safety Features: Circuit breakers, terminals, and protective devices prevent overloading and short circuits.

Applications: Suitable for residential, commercial, and industrial installations, ensuring organized and reliable power management.

Suppliers and Availability in Kenya

Tronic Kenya: Offers a wide range of TPN and SPN distribution boards, including large-scale 34-way boards.

Critical Power: Provides TPN distribution boards with various amperage ratings and discounted pricing.

Solar Energy Suppliers: Stocks distribution boxes for residential, commercial, and industrial use, emphasizing safety and durability.

Almiria Techstore: Specializes in PDUs for data centers and industrial setups, with options for remote control, surge protection, and fast nationwide delivery.
