

Middle East Smart Building Fiber Optic Cable Factory

AI Overview

Leading fiber optic cable manufacturers in the Middle East include MEFC, HitekNOFAL Optix, and Integrated Fiber Cables, offering advanced solutions for smart buildings, telecom, and industrial applications.

Key Manufacturers

- 1. Middle East Fiber Cable Manufacturing Co. (MEFC)** Located in Riyadh, Saudi Arabia, MEFC is a Saudi-Japanese partnership with Fujikura, established in 1995. It specializes in fiber optic cables for telecommunications, oil & gas, transportation, and government sectors. MEFC emphasizes state-of-the-art manufacturing processes, high-quality standards, and innovation, making it a trusted supplier for critical infrastructure projects across the MENA region.
- 2. HitekNOFAL Optix** Founded in 2018, HitekNOFAL Optix operates in Egypt and focuses on fiber optic cabling for smart cities, data centers, and industrial applications. The factory features advanced R&D, design, and customization capabilities, and it also hosts the first FOA-approved Fiber Optics Academy in the Middle East, providing training on both theoretical and practical aspects of fiber optic technology.
- 3. Integrated Fiber Cables (IFC)** Based in Sudair, Saudi Arabia, IFC manufactures fiber optic cables and accessories for telecom and power sectors. The company uses modern machinery and strict quality control systems to ensure reliable, high-performance solutions. IFC emphasizes precision engineering, international standards compliance, and tailored solutions for large-scale infrastructure projects.

Regional Market Context

Saudi Arabia is the largest optical communication market in the Middle East, driven by initiatives like Saudi Vision 2030, which promotes FTTH, 5G networks, and mega-projects such as NEOM. Local manufacturers with physical factories, such as MEFC and IFC, have a competitive advantage for contracts with Saudi Telecom Company (STC) and Saudi Aramco due...
