

Monaco Molded Cable Tray Price List

AI Overview

Molded cable trays in Monaco typically range from \$10 to \$50 per meter, depending on material, size, and installation requirements.

Price Overview

The cost of a molded cable tray depends primarily on the material and design:

- Fiberglass/FRP molded trays:** \$10–\$50 per meter, ideal for corrosive or outdoor environments due to high durability and chemical resistance.
- Aluminum trays:** \$6–\$30 per meter, lightweight and corrosion-resistant, suitable for coastal or industrial areas.
- Steel trays:** \$5–\$25 per meter, strong and cost-effective for general indoor installations.
- Stainless steel trays:** Higher-end, used in highly corrosive or hygienic environments, often exceeding \$25 per meter.

Additional costs include supports, brackets, connectors, and labor, which can vary based on installation complexity and Monaco's higher labor rates.

Local Suppliers in Monaco

Brilltech Engineers is a known supplier of electrical cable trays in Monaco, offering competitive pricing for local projects. Contacting local suppliers directly can provide exact quotes for molded cable trays, including shipping and installation.

Practical Considerations

- Installation complexity:** Curved or multi-level installations increase labor costs.
- Environmental exposure:** Outdoor or corrosive environments may require FRP or stainless steel trays, increasing the price.
- Bulk orders:** Ordering in larger quantities can reduce the per-meter cost.

In summary, for a standard molded cable tray in Monaco, expect \$10–\$50 per meter, with the final cost influenced by material choice, installation complexity, and local supplier pricing.
