

Optical Power Meter RY3205

Overview

Designed specifically for FTTx applications and maintenance, the RY3205 PON Optical Power Meter can simultaneously test and evaluate PON signals while performing normal power measurements. This all-in-one solution eliminates the inconvenience of carrying two separate instruments, providing fiber network installation, operation, and maintenance engineers with. We will send out the item within 2-3 days through DHL/EMS/FEDEX /UPS/SPEEDPAK/CHINA POST to the below countries: Belgium, Netherlands, Luxembourg, Italy, Germany, France, United Kingdom, San Marino; Austria,Denmark,Finland,Greece,Ireland,GUERNSEY,JERSEY,Norway, Portugal, Spain, Sweden. Fiber Optic Tool Kit, Fiber Optic PLC Splitter, Fiber Optic Fbt Splitter, Fiber Optic Patch Cord, Fiber Optic Pigtail, Fiber Optic Fast Connector, Fiber Optic Fusion Splicer, Fiber Optic OTDR, Fiber Optic Cleaver, Fiber Optic Power Meter Basic Info. Company Introduction:Hefei Xingcheng. New: A brand-new, unused, unopened, undamaged item in its original packaging (where packaging is. A+++ Good package, fast delivery, items as described. Great seller! As advertised, could have been packaged a little better. If the item comes direct from a manufacturer, it may be delivered in non-retail. GW3205 series handheld optical multimeter integrates the functions of an intelligent optical power meter module and of a highly stable light source module in one unit which can perform closed-loop tests by incorporating both modules. Individual regimes of operation can also be manually chosen using.
