

Price List for Fireproof Molded Cable Trays

AI Overview

Fire-resistant molded cable trays typically range from \$1.61 to \$12 per meter, depending on material, size, and order quantity. Price Range and Suppliers Low-end options start around \$1.61 per meter for industrial and construction molded cable trays made from steel or aluminum alloy, suitable for standard fireproof applications (MOQ 1 meter). Mid-range trays cost between \$2.50 and \$5 per meter, often featuring powder-coated finishes, galvanized steel, or FRP (fiberglass-reinforced plastic) for enhanced corrosion and fire resistance. High-end or specialized trays can reach \$7 to \$12 per meter, including stainless steel molded trays, heavy-duty designs, or those with advanced fire-retardant coatings and certifications like ISO and CE.

Factors Affecting Price

- Material:** Steel, aluminum, stainless steel, and FRP have different costs; stainless steel and FRP are more expensive due to durability and fire resistance.
- Fire Rating:** Trays with higher fire ratings (e.g., 2-hour or 4-hour) or intumescent coatings are priced higher.
- Size and Thickness:** Wider, thicker, or longer trays increase material usage and cost.
- Customization:** Custom lengths, bends, or color finishes can add to the price.
- Minimum Order Quantity (MOQ):** Lower MOQs often have higher per-unit costs, while bulk orders reduce the price.

Additional Considerations

Molded cable trays are lightweight, corrosion-resistant, and suitable for indoor and outdoor use, including industrial sites and airports. Suppliers often provide options with powder coating, galvanization, or FRP composites to meet specific fire safety and environmental requirements. For large-scale projects, contacting suppliers directly for quotes is recommended, as prices can vary based on shipping, local regulations, and bulk discounts. In summary, expect to pay between \$1.61 and \$12 per meter for fire-resistant molded cable trays, with the final cost inf...
